### SOME THOUGHTS FOR THE WEEK:

“And me? I still believe in paradise. But now at least I know it’s not some place you can look for. Because it’s not where you go. It’s how you feel for a moment in your life when you’re a part of something. And if you find that moment...it lasts forever.” *Leonardo DiCaprio*

“If you were lucky, you might meet someone who was exactly right for you. Not because he was perfect, or because you were, but because your combined flaws were arranged in a way that allowed two separate beings to hinge together.” *Lisa Kleypas*

“We must not become complacent over any success. We should check our complacency and constantly criticize our shortcomings, just as we should wash our faces or sweep the floor every day to remove the dirt and keep them clean.” *Mao Zedong*

“We don’t find love, it finds you. It’s got a little bit to do with destiny, fate, and what’s written in the stars.” *Anais Nin*

“We all have two lives. The second one starts when we realise we only have one.” *Tom Hiddleston*

“You can’t always choose the path you walk in life, but you can always choose the manner in which you walk it.” *John O’Leary*

“The world is yours, as well as ours, but in the last analysis, it is yours. You young people, full of vitality, are in the bloom of life, like the sun at eight or nine in the morning. Our hope is placed on you. The world belongs to you.” *Mao Zedong*

**ONE SENTENCE SERMON:** You know why it’s hard to be happy? It’s because we refuse to let go of the things that make us sad!

**SHORT BUT SWEET!** A 4-year-old was fascinated by the various appliances that some of the elderly used—canes, walkers, wheelchairs. One day her mother found her staring at a pair of false teeth soaking in a glass. The mother braced herself for the inevitable question that was to come. Instead, her daughter turned and whispered: “The tooth fairy is never going to believe this!”
