SOME THOUGHTS FOR THE WEEK:

"The greatest threat to our planet is the belief that someone else will save it." *Robert Swan*

"It's like everything in football – and life. You need to look, You need to think, You need to move, You need to find space, You need to help others. It's very simple in the end." *Johan Cryuff*

"Nothing ever goes away until it teaches us what we need to know" *Pema Chodron*

"I have spent my whole life scared, frightened of things that could happen, might happen, might not happen, 50 years I spent like that. Finding myself awake at three in the morning. But you know what? Ever since my diagnosis, I sleep just fine. What I came to realise is that fear, that's the worst of it. That's the real the enemy. So, get up, get out in the real world and you kick that enemy as hard as you can." *Walter White [Breaking Bad]*

"I find a duck's opinion of me is very much influenced by whether or not I have bread." *Mitch Hedberg*

"My only relief is to sleep. When I'm sleeping, I'm not sad, I'm not angry, I'm not lonely, I'm nothing." *Jillian Medoff*

"In the soviet army, it takes more courage to retreat than advance." *Isosif Stalin*

" I put my heart and soul into my work and have lost my mind in the process" *Van Gogh*

JUST A LITTLE HUG:

When the sun is refusing to shine on
your day,
And you're finding it hard just to cope,
When you're seeing more rain clouds
than stars in the sky,
And you just feel like giving up hope.
That's the time when someone comes
along with a smile and a warm hug
that says it's ok.
Tomorrow is coming so don't give up
now,
Brighter moments are soon on their
way!
